2010: Year for Industry Reform

“Non-Compliant Parts”!

Which Insurers are still pushing Repairers to use non-compliant parts....?

“Principles of the Code

1.2 Insurers will not require Repairers to carry out repairs

that:

(a) are not in accordance with:

i) the documented manufacturers’ technical specifications or

ii) any lawful mandatory specifications and/or standards, or

(b) use methods that may compromise vehicle warranty conditions”

That’s the LAW.

Dispute with an Insurer?

FREE to MTA Members - contact MTA’s dispute specialist!
