- notify the consumer in advance of any dismantling charges necessary to arrive at a quotation;
- notify the consumer and seek permission to continue work if during the progress of any work it appears that the estimated charges will be exceeded;
- provide on invoices full details of work carried out and charges for labour, spare parts, materials, parts disposal, environmental levies and subcontractors used;
- guarantee repairs and service performed against failure due to defective parts supplied by the repairer or the faulty workmanship for a specific number of kilometres or period of time (subject to the consumer's rights at law);
- not knowingly mislead a consumer in relation to the condition of a vehicle or be a party to improper practice in relation to the sale or purchase of a vehicle;
