# WHO ARE WE?

**Thank you for your interest in aligning your brand with the Motor Trader's Association of NSW (MTA NSW).**

We are the peak industry association and a registered training organisation (RTO), dedicated to representing the NSW automotive industry since 1910. Our aim is to help the motor industry. We achieve this by assisting our Members in the running of their businesses, as well as lobbying governing bodies to ensure a long and viable automotive industry.

Our association has thousands of Members employing more than 28,000 employees and representing 28 automotive sectors consisting of senior management, business owners, office managers, tradespeople, apprentices, salespeople, administration and support staff.

Since 1996, our RTO has been providing training which produces quality outcomes and the essential industry skills. These are aimed at providing a platform for the attainment of nationally recognised

qualifications and NSW licensing requirements. MTA NSW regularly offers advice on matters affecting the industry and are proud to be the principal consultative party and a leader in industrial relations issues affecting the retail motor industry.
